POSITIONS

A New Way Every Day for
a Steamy, Erotic Year

LISA SWEET

Amorata Press 

1

TRIBAL RHYTHM

He will love the full view and his ability to control her every movement.

2

THE CHARIOT

Her pleasure is all in his hands. He lifts her gams higher to fiddle her diddle or lowers them to add a little slow-down pressure on his own bow.

3

CLIMB THE HILL

Reaching the heights of pleasure in this position is a bit of a high-wire act since the higher-than-usual placement of her hips can create some slippage before they can peak.

4

THE EDGE

All it takes to line up both partners' bits so that his every move rubs her in an oh-so-good way is a little furniture rearrangement that tilts her pelvis up and creates an exquisite, erotic, up-and-down motion.

5

PEEK-A-BOO

The only thing better than having him tiptoe up behind her and slide one in is for her to take a thrilling sneak peek as they reach their passion peaks

6

HAPPY TRAILS

This pose is all butt, legs and hips - hers - which will make him very, very, very happy.

7

SPREAD EAGLE

This is a very accommodating pose for him, but with her legs held wide, she will lose out on some of the friction of his thrusting, so giving herself a helping hand should send her soaring.

8

THE CIRCUS

Twisting her back and forth in a jaw-dropping rotation will make both partners feel like sexual dynamos and may even keep them spinning for rounds two, three and four!

9

RAPUNZEL

In this fairy tale position, the long-haired princess arches back so her tresses sway against the tingly, thin, nerverich skin on his thighs and ticklish toes.

10

CAT'S CRADLE

Using her feet to push him in and out and all about, this sneakily simple position allows her to guide his directional exactly where she wants it - nesting against all of her most sensitive spots.

11

THE HANDSTAND

An intense pose that's sure to blow him over. Just be careful his arms don't also go limp at the end or he will experience a most unwanted header.

12

THE WATCHER

Men are more visually stimulated than women. Lifting his leg gives him a good bird's-eye view of the action without giving up any of the pleasure.

13

BACK SHOW

Any position that gives him unlimited access to her wiggling backside will motivate him to race that extra mile she needs to cross her finish line.

14

LANGUID LEGS

Despite its visual pizzazz, this is actually an easy move to master, making it primo for some splendid rub-a-dub-dubs in all the right places - ecstasy without a lot of high-energy commitment.

15

CROUCHING TIGER

The more ferocious pressure she applies to him with her mouth, the louder she will get his dragon to roar, Beware A of shooting flames and sharp fangs.

16

ELECTRIC SLIDE

A perfect position for creating some extra friction between position for creating some out for friction burns!

17

TWIST AND SHOUT

The key move here is for her to twist back and forth rather than up and down to gradually screw him in delectably deep and tight.

18

SEESAW

Lovers can divvy up the amorous action by grinding in tandem - one pushes up and forward as the other thrusts down and back. The teamwork will result in each gaining from the other's erotic efforts.

19

FREESTYLE

He can rock her side to side or up and down, taking his cue can her — if she pushes her body into him, she likes his angle: if she pulls back, he should try something else.

20

LADIES FIRST

Here's her opportunity for multiple orgasms by letting him focus entirely on her for the first round before they move on to mutual pleasuring.

21

ROLLOVER

Roll up and over or back and down on the ball to find the perfect angle of penetration.

22

THE DIRTY TURTLE

This pose is anything but slow moving, as the sight of her bottom combined with the vibrations of her mouth will put him on the fast track to ecstasy.

23

THE CATAPULT

She'll feel like he is sending her flying as he pulls her up into the air, but the only thing that will go rocketing in this pose is her bliss level.

24

LAP DANCE

For some fast and furious fun, she can lower herself onto him and gyrate around in time to her own beat.

25

THE CLASSIC

This traditional oral favorite is tough to lick. While he's controlling the action, her hands can roam and caress the rest of his body to his spine-tingling delight

26

THE BIG DIP

He can use the extra access provided by the open edge of the bed to go in deep while she can use her grounded leg to lift up and meet him halfway, creating lots of feelfabulous friction down below.

27

POWER PUMPER

She gets to choose between shallow and deep thrusting but she should perfect her posture and keep a very straight back to avoid him popping out I of her like a disappointed jack-in-the-box.

28

GET A LEG OVER

If he's not hung like Moby Dick, she can open her legs wider and lift her top foot straight up in the air, making it easier for him to cross her threshold.

29

THE LOVE SEAT

Unlike most female-superior poses, she won't be taking him for a ride: Her balancing act means that he'll end up doing most of the thrusting, so she can sit back and concentrate on how amazing his stroking feels.

30

SHOULDER HOLSTER

She can clamp her legs to tighten the sensations or widen them to give him an excellent view of the action. Either way, she'll be giving her G-spot a hot and sticky workout.

31

BALL GAME

This is a good pose for getting in some extra offside plays. Beyond tackling his tackle with her mouth, she can score an extra point by reaching in with her hand to fumble his balls.

32

CLOSE ENCOUNTERS

Sitting seems like the least exciting way to get whisked off your feet, but sweet surprise — it's actually perfect for when lovers are in the mood for some intimate, slow, romantic romping.

33

THE LOTUS

Crisscrossing her legs will help send their lovemaking to a higher spiritual plane that just happens to result in out-ofthis-world-and-the-next orgasms.

34

CUP

She'll appreciate the extra neck support as he starts shaking his booty.

35

THE DEEP

The higher she raises her legs, the farther he will penetrate her. What's more, she can pull him deeper and deeper into her, a smooth move that will soon have both partners coming up, gasping for air.

36

SWAN DIVE

With her body spanning his, he'll be completely surrounded by her...and love every minute of it.

37

THE CRAZY CAT

The stronger he is, the higher her kitty will climb in this gravity-defying twist on the Coital Alignment Technique. All that frontal friction on her purr spot means that she will be meowing with pleasure.

38

QUEEN FOR THE DAY

She can tease and please him with unexpected hip twists, including back-and-forth rubs, side-to-side shakes and up-and-down dynamo pumps. Not knowing what's coming next will keep him on the edge of his hot seat.

39

DAISY CHAIN

Take time to kiss, cuddle and caress each other before he reaches down and brings her to orgasm while she enjoys teasing him and feeling his excitement by rubbing back against him.

40

THE WAVE

Swaying her upper body from side to side does more than make her look like an enthusiastic sports fan — the extra sensations it creates will turn his soft line drive into a pulse-pounding, record-breaking home run.

41

SURPRISE PARTY

There's an enticing element of the unknown in this pose since both partners can easily work their hands into the mix, but neither can see which next naughty-nookie move the other is planning.

42

THE HAMMOCK

Few women can hold this advanced position since she'll need to have a strong neck or a background in gymnastics — or both.

43

BLASTOFF

When they want a really explosive show, this position gives both partners a great view of the fireworks.

44

SEXY SAMBA

She can relax into his arms and concentrate more on the lusty moves he is making than maintaining her balance.

45

JUNGLE FEVER

Just being bent over is hot and primal, especially when they take the action outdoors. But when he grabs her hips and pushes himself in? Time for a Tarzan-meets-Jane howl.

46

WILD CHERRY

As she lies prone and primed with her arms above her head, it's up to him to triple the trysting pleasure by kissing and caressing her all over with his hands or tongue.

47

THE CARNAL CHAISE

Supported by the backrest of a strong chair, he can hold all her weight as she presses against and down into his lap.

48

SITTING BULL

Easier than it looks. The nice thing about this move is that it doesn't take a lot of effort to get into position, but the sideways angle still generates a lot of spine-tingling, sexy tension.

49

THE COW

In this superdeep position, she can contract and relax her pelvic muscles to milk him into a frothy shake (wait until pelvic after him Into before shake this until after yoga class before trying this one).

50

THE CROUCH SLOUCH

Despite the tricky balance, she gets to have a lot of Despite over the balance, she gets to have here a because she can use her arms and legs to help her

51

THE FLAT BACK

This is a nice beginner position that lets him stay in control of how deep his love goes.

52

INSIDE OUT

With his legs tucked between hers, he has little range of motion, which means v- be treated to quick in-and-out moves that'll send waves of sensation to the nerve-packed first few inches of her pleasure zone.

53

TWO-TIMING

Using his fingers and his tongue on her at the same time is an easy way to expand his repertoire while working into a heart-palpitating frenzy.

54

AMAZING ARC

I She works hard in this pose, but she also reaps the She works hard The curve but she also put maximum pressure on her groin, while the rush of being upside down will send her overboard in no time.

55

THE EMBRACE

The pleasure of this pose lies in its close, loving contact, making it perfect for anyone who is truly intimate and only wants to get more so.

56

TEASPOONS

This very compact version of spooning is ideal for shallow penetration and targeted stimulation on the outer rim of the sex organs, where the nerve endings - on both him and her - are tightly packed.

57

TAKEOUT

The position of choice for public encounters where time is a critical risk factor, since the action can be shifted into It fast-forward by giving their orgasms a helping time is a critical risk factor, since the action can be shifted into fast-forward by giving their orgasms a helping hand.

58

BODY BOOSTER

I This pose raises rear entry to new heights as he enjoys the tight fit, but the slight lift on his groin adds just enough slow-down pressure to turn a fast-and-furious move into a more deliberate delight.

59

SLEEPING BEAUTY

She is sure to whisper, “My sweet prince has come!” when he slides into her from behind. She should twist so that her face to the only part of her waiting for his happilyIt ever-after kisses.

60

WINDMILL

275

THE SHOULDER HOLDER

Any time she raises her legs, it narrows her love canal and puts her in perfect position to control how he stimulates her G-spot. The “so-what” is that her orgasm will be peelher-off-the-ceiling wonderful.

285

UP-CLOSE AND HOT

This hybrid pose gives plenty of opportunity for soulful eye gazing while losing none of the raunchy rewards a good pelvis grind reaps.

NECKING

He should look for erogenous zones all over her body. His kissing, licking and nibbling on her neck will greatly amplify the clitoral stimulation to give her an oldfashioned, drive-in movie petting session.

287

DEEP DIVE

Classic rear entry is a fairly tight pose, but if he wants to fish in even deeper waters, he can grasp her hips and pull her in toward him.

288

PLAY BALL!

With its soft seat and open access, an exercise ball can be a great sex chair. But watch out for the bounce! If they are not careful, his bat might go a few innings deeper than she expected.

289

BOTTOM JIG

Her booty is practically begging for his touch in this primo posterior position.

290

LUSTY LAUNCH

The extra tension of pulling in opposite directions will add a thrilling tension to their thrusts. If they keep the hold until liftoff, it will add a turbocharged surge to their climax.

291

ELEVATED JACKHAMMER

The name says it all. With the old jackhammer, he controlled the speed, depth and force of penetration. Now she meets him halfway to double the power-tool pounding.

292

BELLY DANCER

This totally tingly pose gives both partners plenty to get excited about. He can easily stroke and caress her as she gyrates her hips in soft circular motions, literally seducing him with her body.

293

BEACH BONFIRE

When they don't want to get sand in intimate places, she can keep things clean by leaning over and holding her legs to brace herself. He needs to hold her tight as they hang ten, or she'll do a face-first wipeout.

294

WORLD'S STRONGEST

He'll needs legs — and a will — of steel before attempting this one or else he might drop her as she makes him weckat the knees.

295

G-FORCE

This on-the-back maneuver guarantees a direct hit on her G-spot, but his limited range of motion means she will need to do the pumping to avoid going into a free fall.

296

RISE AND SHINE

This one is so easy, they will want to do it again and again. The snug fit will create waves of pleasure for both of them. If she wants to change the sensation, all she has to do is open and close her legs.

297

LOCK AND LOAD

Keeping their legs together tightens the grip and boosts the sensations for both partners — ready, aim, fire!

298

299

UP AGAINST THE WALL

Sitting while he stands lets her use her whole body to move her mouth back and forth on him without tiring out her neck.

300

MISSIONARY

Call this one the sexual equivalent of a favorite pair of old jeans — comfortable, familiar and easy to dress up or down. Even a simple act like squeezing their pelvic muscles as they push in and out turns

this pose red-hot.

301

THE CRANKSHAFT

While they may not be able to keep their motors running all night in this tricky pose, her turbocharged front-to-back, side-to-side and up-and-down driving guarantees they'll both explode before her engine blows.

302

68 HER

Instead of trying to do two things at once, in this almost-but-not-quite 69, she can teasingly watch his excitement grow while being entirely caught up in her own blissfest.

303

DEEP IMPACT

This athletic reverse rear entry creates plenty of scope for him to move deliberately, slowly and to the exact depth she enjoys (until his legs give out!).

304

LEANING TOWER

In this pose, he'll get off on being the king of her world while she'll get a head rush — literally. The blood racing from her pelvis to her head heightens his thrusts, creating deliciously dizzying

sensations.

305

69 BACK

The bottom isn't the wrong hole. It's actually packed with sensitive nerves just begging for a good licking. By pulling her legs back during classic 69, he has full access to her backfield.

306

RUB DOWN

Forget the spa! She can treat herself to an erotic massage just by pushing up and down against his body. When she's ready for more than a rub, they don't even need to change positions.

307

THE STRADDLE

An extremely creative and somewhat challenging seated move that rewards her with wonderful friction as he pushes her up against the back of the chair.

308

HANDY 69

Trying for mutual orgasms is fine, but it's not a problem if one partner's O makes an early curtain call. It will raise the excitement for the second partner, who will soon be applauding even louder and yelling for an encore.

309

THE SITTING CAT

This version of the CAT will snuggle their pelvises together in a way sure to make them both yowl with pleasure, and the extra exposure means that she can also work in some extra purr-fect strokes.

310

HOT AND SPICY

Spicing things up by adding a few naughty moves of her own — a single leg lift and a butt squeeze — to classic man-on-top will get his groin doing a salsa on her most man-an-top will get his groin doing a salsa on her most sizzling spots.

311

THE X FACTOR

The downward angle of his equipment in this pose will keep wonderful pressure on her front wall, but he may need to keep a handle on things to make sure everything stays in place.

312

FIGHTER PLANE

She can lean back on a pillow for support and let him do all the work, moving her hips to grind her love bits against his pelvis as he takes her in for a bumpy landing.

313

BE SEATED AND BESOTTED

This easiest of chair positions leaves each of their hands free for the ideal opportunity to titillate each other's pleasure-receptive nipples.

314

THE BICYCLIST

The connection between both partners will be oh-so-intimate as she opens herself up to being completely exposed to his penetrating gaze.

315

THE VIBE

Using a vibrator will definitely amp up the action, but he shouldn't limit the buzz to her love triangle. Working up and down the ultraresponsive nerves on her inner thighs will keep things humming along nicely.

316

DUET

Unlike typical rear-entry action that can leave both partners feeling disconnected, pelvises, thighs and hands touch here, making this move much more intimate and sensual.

317

ANYTHING GOES

It's hard to find a way for him to gain rear entry while still making eye contact with her. In this pose, he can look to see if her eyes are saying "yes" to some anal play before entering through her back door.

318

LOVE PUMP

Working his legs like passion levers, she can raise them high to get some power on the front region of her pelvis or lower them to work her back patch.

319

THE PANORAMA

Men will loooove the eye candy that this all-access position offers. Watching her breasts bounce as she jiggles her hips is like a favorite scene out of a (high-quality) porn movie coming to life.

320

KISSING THE PINK

Most men do wrong by her when it comes to oral sex because they go for a head-on tongue-kneading. Keeping him a bit at bay and having him stick to light kisses and side licks will produce a sweeter result.

321

THE ACROBAT

Balance is definitely required for this high-flying pose, and a safety net may also help for postorgasmic plunges.

322

THE BIG BOUNCE

Using a stability ball as a love prop can produce bodyrockin' sensations. With him sitting tight, she can bebop her hips with wild abandon, adding a slinky spring to their ultimate sendoff.

323

LAY, LADY, LAY

Despite the lack of eye contact, making nookie doesn't get much more up-close and personal than this. Since they're so close, he can use her front or rear door to visit.

324

BENT SPOON

This is a nice middle-of-the-night pose for adding some spice to their dreams. It's easy for him to slide his leg in between hers as they spoon together in bed and enjoy a dozy cuddle.

325

HAPPY HANDS

If she is left longing after the actual deed is done, he shouldn't be shy about fulfilling her cravings with a little hands-on attention.

326

RAISE THE MAST

To take a bit of pressure off his pelvis, she can lean slightly forward on her thighs — he won't complain if her hands just happen to slip down onto his lower deck.

327

UPWARD DOG

With a slight arch of her back, the basic shaggy-dog pose becomes something to really howl with pleasure about as he pushes against the ultrasensitive front wall of her vagina with every stroke.

328

THE HEADLOCK

He better do everything she says and fulfill her every desire once they get in this pose, otherwise there's no telling when he will be allowed out of her leg-and-arm wrap.

329

APHRODITE'S DELIGHT

Many women get performance jitters over the thought of giving a helping hand during sex, when in fact the sight of her adding fuel to their bonfire is a sure-fire way to burn him up with lust.

330

STAND AND DELIVER

There isn't much for him to do in this pose but lean back, hold her up and deliver the goods. The sexy spin for her is that she can pump her legs against the wall to get him to visit all of her pleasure spots.

331

DIRTY DOGGY

This angle puts him in a great spot to kiss ass. If he further needs to supplicate himself, he can slide his hands between her legs and make her beg for mercy.

332

ROLLING WHEELBARROW

With his feet grounded and his hands firmly holding her, this is one of the most stable of ball positions and thus lends itself nicely to all sorts of hot hip-hiphoorays - shakes, circles, rolls, thrusts and much more.

333

HIGH IN THE SADDLE

She's angled just so to give her hot spot the direct contact it craves. To add to her pleasure party, he can double up on the stimulation by slipping his hand in between her thighs.

334

HEAD BENDER

This is an athletic position that requires him to have very strong legs. Spreading her legs will give him better access, but only if he can hold a knee bend that lowers him down to her entry point.

335

FLYING MISSIONARY

The limited thrusting power of this pose is compensated by the very deliciously direct and deep penetration.

336

FOOT IN MOUTH

Giving plenty of kissing and tongue-massaging attention to her feet during sex can be even more orgasmic than buying a new pair of shoes.

337

LEAN-TO

Sex from behind is usually completely in his hands - or rather, hips. But by simply hooking her legs around him, she manages a carnal conquer and takes control of the pace and depth of penetration.

338

DINING AT THEY

Pull up a chair directly between her legs and he'll be ready for lunch at the hottest diner in town. He'll have his hands and fingers free, so he should use them to help provide pleasure across her entire plate.

339

TRICK OR TREAT

The trick here is for him to use an up-and-down motion instead of his usual back-and-forth thrust to create some new body-to-body friction. The treat is in how sweet it will make them both feel.

340

THE ROCKER

Instead of making the common mistake of working on just that one popular spot, he can sway her hips so his tongue reaches every part of her landing strip from front to back.

341

THE “X”

Slow, leisurely movements will provide enough to make up for the lack of thrusting power in this pose.

342

EVOLVED DOG

Although not for everyone, this extremely erotic act has him wagging her tail. When she can't wait another she can always reach down and help herself or, of course, sit down on his bone.

343

ROLLER COASTER

This ride should make her scream with pleasure. She can heighten the thrill by closing her eyes and letting his every thrust, stroke and touch surprise her.

344

A LITTLE ON THE SIDE

The beauty of coming in sideways is that he will stroke her in places not usually reached. To max out on the pleasure, he can alternate between wide, circular motions and deep, up-and-down thrusting.

345

CRUISE CONTROL

He shouldn't just sit back and enjoy the ride- as much as she loves controlling the pace when she's on top, it'll feel twice as nice when he helps out by holding her hips and gently pulling her back and forth.

346

FLAMINGO

Staying in bed doesn't mean she needs to give up her favorite straddle. She won't have as much range of motion with only one leg on the ground, but this pose will still hit those familiar pleasure points.

347

MAN OVERBOARD

Neither partner will have to do much in this deeply relaxing pose. To experience a wake-up burst of pleasure, she can rhythmically raise and lower her feet off the floor.

348

THE SPEED RACER

When she's in the driver's seat, it's a cinch for her to stop rubbernecking and take the libidinous lead so she doesn't need a to wait for him to green-light her climax.

349

DUTCH PRETZEL

They know how to add a tantalizing twist to the action in Amsterdam. The sideways entry means that he'll tap her hard-to-reach spots while her upper-body bend lets them have some intimate face-to-face action.

350

MANUAL CONTROL

When she lies back so that her weight is transferred to her arms, it frees him up to fiddle with her instruments, making for a very satisfying sack session (and worth the extra for a very satisfying sack

session (and worth the extra bicep curls she'll need to hold the pose).

351

G-SPOT STRINKER

The higher her legs, the more likely he is to bang up against her G-spot. While the ball will add an extra bounce, ultimately the stimulation of this elusive bump is only as good as the strength of his erection.

352

SPOTLIGHT

On top, in view and out of control - exhibitionists don't do it any other way!

353

BUTTOCK DELIGHT

If she wants to tantalize him, she can shake her booty ever so slightly up and down, building him up to a rockin' orgasm.

354

SOUL SIDE

What better position for two lovers in love? Cuddling up like this is slow, romantic sex at its best. It's a tight fit that lets them hold each other close and sneak in lots of kisses, nibbles and extra strokes.

355

FROM BALL TO WALL

Thanks to a little roll from the ball, she can change her whole body's angle until it is perfect for his penetration by simply moving her hands up and down the wall.

356

LEG OVER EASY

Keeping her legs tight and high will create a snugger entry for him and more sustained stimulation exactly where she needs it.

357

BACK BEND

Linger too long in this pose and she will collapse to the floor for the wrong reason, but the blood racing from her pelvis to her head heightens his licks, creating deliciously dizzying sensations that mean she won't have to hold herself up for long.

358

REVERSE MISSIONARY

Closing her legs together makes her in charge of the action in no uncertain terms as she puts a deliciously snug squeeze on him and presses her own bliss spots at the same time.

359

THE BUTTER CHURN

The slow, comfortable squeeze he'll feel as he moves her leg back and forth, combined with the extra stimulation she'll receive from his hand, will make this a steamy shoo-in for both of them.

360

THE DRIVER

She may be on the bottom, but she's in charge — by lifting her pelvis, the speed and timing of his every thrust are at the mercy of her wanton whims.

361

CANNONBALL

Gravity helps them make this advanced position a success. And luckily, her raised legs make it a tighter space for him to dive into, so it won't take much motion for them to ride the orgasmic wave.

362

POWER BALL

With his feet set wide apart and her hands firmly grounded, they have a lot of stability in this pose so they can get really ballsy and make the most of the extra bounce in their gyrations.

363

TILT-A-GIRL

He may be coming in from behind, but they still get treated to a full-frontal view of each other's upper bodies and passion-filled faces.

364

TRIPLE WHAMMY

With the heated combo of his leg and fingers creating friction on her nether regions and his other hand getting familiar with her breast, this move is perfectly attuned for her moaning pleasure.

365

TOP LOAD

In this one-size-fits-all pose, he can make her feel completely filled up by pressing down on her thighs once he is firmly inside of her. He won't mind the sensation of her breasts mashing up against his chest, either.
